Landmark View 402

Probably has one of the highest net yields in Hirafu with over 5%, and with the additional bonus of an amazing view of Mount Yotei and just a few minutes' walk to the gondola, Landmark View 402 for sure has the best quality of a super investment.

This unit has an extremely well designed floor layout plan maximising the living area with panoramic view of Mount Yotei whilst not sacrificing comfortability in the bedrooms. The exceptional high ceiling complements to the already spacious living area and the L-shaped kitchen counter separates the kitchen and the dining area providing that little bit more of a safety factor, especially for those who have younger children.

Landmark View has a 24 hour reception and a large lobby area. The free Hanazono shuttle bus stop is right outside the front door and there is a resident café / shop within the building.

Landmark View is a solid concrete building managed by Vacation Niseko.
