Muse 303

The Muse Niseko is the clear benchmark for artistic design and architecture for Hirafu and the wider Niseko area. Prominently located upon the main strip of Hirafu, route 343, the complex provides fast and convenient access to a multitude of restaurants and bars, most notably the michelin-star restaurant Kamimura directly opposite the road. Similarly, the main resort shuttle stop is a mere minute's walk, allowing for rapid transportation to Niseko's ski runs.

Muse 303 is truly unique when compared with other studio units in the market for a number of reasons however its sheer size and functionality are the two that really stand to the front when first viewing the unit. With an expansive 45 sqm of floor area plus an attractive balcony area, there's few if any studios that can compete with the sense of grandeur that 303 provides. Similarly unique is the 3rd floor setting with open views of Hirafu's high street, route 343. Typically studio units are confined to the groundfloor of complexes or resigned to lesser aspects of a property where the views are unappealing or indeed non-existent.
