Makkari Commercial

Makkari is known for its stunning Mt. Yotei views and this property does not disappoint. Situated on the outskirts of Makkari Town, this commercial center strategically positioned on the main road leading to the popular Makkari Onsen just moments away.

The building is currently used as a shop on the first floor, and as a restaurant on the second floor. There are separate entrances, allowing for the option to run two different businesses in the same building. The property has been well-maintained and is in very good condition ready for immediate use. On the large 1,736 sqm paved lot is also a separate container building currently being used as a genghis khan restaurant. The large parking space can easily fit over 20 cars, allowing for multiple restaurants and shops to share the same space.

The nearest slope is the up and coming Rusutsu resort, which can be reached in just a short 12-minute drive. As the town midway between Niseko and Rusutsu, Makkari is known for some of its excellent dining options, and now is the time to start your own!
